EDUCATION

Bachelor of Engineering in Computer Engineering	2023 – 2027
Dr. D. Y. Patil College of Engineering and Innovation, Pune	CGPA: 8.00
Higher Secondary Certificate (HSC)	Year
St. Paul Junior and Senior College, Science, Maharashtra	Percentage: 72.83%
Secondary School Certificate (SSC)	Year
Sri Chaitanya School, Andhra Pradesh	Percentage: 91%

EXPERIENCE

Full Stack Web Development Apprentice   Sept 2025 – Dec 2025
Apna College, Pune (Remote)

- Designed, developed, and deployed full-stack web applications using HTML, CSS, JavaScript, Node.js, Express.js, and MongoDB.
- Implemented authentication, RESTful APIs, and CRUD operations following MVC architecture.
- Led backend integration and database design, contributing to a 30% reduction in system errors.

DSA Practitioner (Trainee)   Jan 2025 – Present
LeetCode, Remote

- Solved Data Structures and Algorithms problems in C++ to strengthen problem-solving and analytical skills.
- Practicing core concepts including arrays, strings, recursion, stacks, queues, trees, and dynamic programming.
- Resolved over 40 high-difficulty algorithm problems on LeetCode, resulting in notable time complexity improvements.

PERSONAL PROJECTS

Wanderlust - Airbnb Clone   Nov 2025 – Dec 2025
Full-stack web application for property listing and booking

- Planned and developed responsive UI using HTML, CSS, JavaScript and Bootstrap.
- Executed authentication, CRUD operations, and MongoDB database integration using Node.js and Express.

Spotify Clone (Frontend)   Sept 2025 – Oct 2025
Frontend clone of Spotify web player

- Designed responsive layout using HTML, CSS and Flexbox.
- Applied interactive UI components using JavaScript.

TECHNICAL SKILLS AND INTERESTS

Languages: C, C++, Java, JavaScript, Python
Frontend: HTML5, CSS3, React.js, Bootstrap
Backend: Node.js, Express.js
Databases: MongoDB, SQL, MySQL, Mongoose
Developer Tools: Git, GitHub, VS Code, Postman
Coursework: Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks
Areas of Interest: Web Development, Full Stack Development

ACHIEVEMENTS

- Solved 130+ algorithmic problems on LeetCode demonstrating strong problem-solving and logical reasoning skills.
- Earned 50 and 100 Days LeetCode Badges (2025) for consistent coding practice.
